Report from the Campus Forum *UCLA's Civic Engagement for LA Children and Youth* held on January 30, 2009. This compilation of UCLA programs serving children and youth in Los Angeles was initially suggested during the October 2007 *Campus Forum: UCLA Programs for Los Angeles Children and Youth* when attendees identified the need for an easily accessible database for UCLA programs for children and youth. With that suggestion in mind, this overview was created and includes programs represented at the January 30, 2009 Campus Forum.
